Preparing For The New Season

At this months membership meeting we will be reviewing the correct way to complete a Supplemental Referee Report. You will be receiving a few forms by email from Bob, please review them and print a copy so that you will have it to take to the meeting to use for the instruction.

We are getting ready to start the tournament season so make sure that you are checking the emails from Bob so you can give him your availability as soon as he asks for it. This help us figure out how many fields we can cover.

Please do not start implementing any of the changes to the laws of the game that you might have read, we will be having a whole training session to go over the changes and give you the specifics of how to implement them at our June meeting.

Lewis will have checks for all of the tournaments that we have covered and any checks that you have not picked up from prior months.

Come prepared to participate in the meeting tonight.

Tournaments! Here we go!!

We will be starting up our late Summer tournament season on May 18/19. This will be the Legends Classic. The following weekend, May 25/26, will be the Memorial Classic. May 31, June 1 & 2 will be the Legends Showcase. We are also negotiating a local tournament for June 8/9. Watch for my availability request as those weekends get closer. We will have our usual summer tournaments which will be posted as we approach those dates.

Lewis will have checks for all events that we have covered to date at Thursday's meeting. See him for all money due to you.

Many of you have received an email from Cal South to take an on-line youth abuse reporting presentation by SafeSports. This is now mandated for all youth sports organizations. Please complete it no later than the deadline. Cal South will send out more information in the coming months. At this time, please keep an electronic copy of your certificate. You will be able to upload it into your profile when they finish the on-line process of this added requirement for all referees, assessors, instructors and assignors.
