## Plenty Of Games For All !!!

We have plenty of games for everyone, if you choose to work Bob can get you the amount of games that you are comfortable with. Please read Bobs emails when they arrive he is listing the games that are still available if you are available to pick up any of the matches please respond to him ASAP.

We will have a guest speaker for our instruction this month so make sure that you bring the Considerations with you to the meeting in hard copy or Online. The topic this month is Law 11 Revisited, please try to attend as I think that everyone needs a refresher on the topic. There are a bunch of videos that will be covered which will help you understand the application of the law.

This month's meeting and next month's meetings are the last of the year for us as we do not meet in December so that you can enjoy the holidays with your families. So if you need to get your required classes in you have only two more opportunities to attend a TCSRA training session to get credit for your re-cert.

See You At The Meeting

### Games, Games and more Games!!

If you are not getting enough games to officiate, you have not been communicating to me. We have grown by around 25% due to additional clubs that have started up in our area. The start times are 8am all the way until 8pm on some fields. There have been around 250 games each weekend to cover. Thank you to those that have filled in the empty positions as we get close to every weekend. Your efforts helps all of us.

If you need an assessment for upgrade or maintenance, I need to know ASAP. Most of that level of games will taper off in the next few weeks. There is a variety of quality of the games as well. Many AYSO teams have joined the club ranks this fall. Some are quite good while others show that they are new to the competition.

Lewis will have the last of the tournament money for those still owed. Please make sure you come out to our meeting to get your check.
