COAST BOOKS ARE IN!!!

This weekend starts the Coast Soccer Fall season. Bob and I attended the Coast Soccer Presidents and Assignors meeting and received the latest information from the league, We will fill everyone in at the meeting. We also have your copies of the Coast Soccer League books, that have all of the information that you will need to keep in your referee bag for reference throughout the season. If you don't make it to the meeting it will be another month before you can get your copy of the book so make sure that you are at the meeting.

Lewis will have checks for everything that we have been paid for at the meeting, come and pick them up.

Give your uniform the once over and if you need to, replace anything that is worn out. We have quite a few new members that will be working with us, make sure that you conduct a pre-game with your partners find out if this is there first game from coming out of an entry level class or if they have been around. Help each other out. I will talk about this at the meeting.

See You There!!!

Training Time

By Jeremy Swan, TCSRA Training Officer

It Is Coast Soccer Time!!!

Coast Soccer league is upon us. By the time you are reading this article or newsletter, some of you will have already received assignments for opening weekend. With the opening of fall season, you will be busy every weekend until the holiday season. By being busy every weekend, please make sure you take care of yourself, both mentally and physically. Make sure you are physically fit to maintain an acceptable level of refereeing throughout the whole time you are out there on the field. If you are not able to maintain your fitness for the duration of the day, please do not accept more games than you are capable of. Additionally, please review the Laws of the Game and the Memo 2010 for the Law Changes. Along with reviewing the Laws of the Game, make sure you review the laws with an emphasis on understanding the laws.

Remember, our October meeting is going to be our recertification meeting for the grade 8's only. If you are a grade 8, please make sure you attend the meeting. By the meeting, hopefully the recertification test registration will be posted online. Once it's posted, I will have Rick and Bob send out all the information via email to all our members. This is the only time that TCSRA will be hosting the recert for 2011. If you miss the meeting, you will be able to take the test at any other association (that has not already offered the test) or at the state up-recert meetings in November/December.

Our topic for this month is going to be AR Involvement. Please make sure you attend the meeting as we have a very informational meeting planner for you.

Fall Season Is About To Start !

The Coast Soccer League fall season is about to start this weekend (Sept. 11/12). Once again the league has grown with over 2500 teams playing in 5 different brackets (Bronze, Silver, Silver Elite, Gold and Premier). While we do not have any Premier teams in our area (Those are all played in So. Orange County), we do have all 4 of the other brackets. We have U9 up to U19's playing on fields of our area of coverage. If you would like to do some U19's for upgrade purposes, let me know now. I have the entire schedule through the

end of November ready to assign. The U19's in our area will finish up around the middle of October so let me know soon if you need that level.

Lewis will have checks for the United Cup and West Coast Futbol Classic that we did last month. Make sure you talk to Lewis to get your payment for those tournaments. We are still waiting to be paid for the Orange County Kick-off Classic for both the boys & girls weekends. We are also waiting to be paid for the Bayern Jr. Cup as well.

If you have not received an availability request for CSL by the time you are reading this newsletter, e-mail me today. It means I don't have you in my system to notify. Please keep in mind that the fall CSL assigning on-line system is **ONLY** for CSL fall games. Also, do **NOT** use their on-line availability portion of your assigning system. I will **NOT** be using it as it isn't specific enough for most of you. If you have any questions regarding this

assigning system, please let me know right away.
